Composite Description

The composite returns represent the total returns of all fully discretionary portfolios with an Australian Equity Select investment mandate. Lazard Select Australian Equity strategy is an actively managed portfolio that typically invests in Australian equities that we believe are trading below their intrinsic value. The strategy is benchmark unaware and seeks to deliver excess performance by owning a highly concentrated portfolio that will generally range between 12 and 30.

Calculation of Performance Returns

Policies for valuing investments, calculating performance, and preparing GIPS reports are available upon request. The composite returns are reported net of foreign withholding taxes on dividends, interest and capital gains. The composite returns presented represent past performance and is not a reliable indicator of future results, which may vary. Lazard's Australian Equity Select product invests in a relatively small number of securities. Should any individual security held in this portfolio decline in value or underperform relative to the market, it may have a greater impact on the account's performance than if the account held a larger number of securities. An account invested using this strategy may experience more volatility. A complete list and description of all Lazard composites and pooled funds is available upon request.

Fee Schedule

Lazard's standard fee schedule for Australian Equity Select accounts is 0.71% on the first \$A100M of assets, 0.58% on the next \$A100M and 0.47% on the balance. (This fee schedule may be presented in non-Australian local currency equivalents based on prevailing exchange rates.) Composite net-of-fees returns are calculated by reducing monthly composite returns by the 12th root of the stated strategy fee's highest tier.

Benchmark Information

The S&P ASX 200 Index is a capitalization-weighted index, gross of withholding taxes, of the top 200 companies ranked by market size on the Australian Stock Exchange.

GIPS Compliance and Verification Status

Lazard Asset Management claims compliance with the Global Investment Performance Standards (GIPS®) and has prepared and presented this report in compliance with the GIPS standards. Lazard Asset Management has been independently verified for the periods January 1, 1993 through December 31, 2023. The verification reports are available upon request. A firm that claims compliance with the GIPS standards must establish policies and procedures for complying with all the applicable requirements of the GIPS standards. Verification provides assurance on whether the firm's policies and procedures related to composite and pooled fund maintenance, as well as the calculation, presentation, and distribution of performance, have been designed in compliance with the GIPS standards and have been implemented on a firm-wide basis. Verification does not provide assurance on the accuracy of any specific performance report. Lazard Asset Management is the "Firm" to which the GIPS Standards apply (Frankfurt office included in Firm definition as of January 1, 2003). In March 2023, LAM acquired all of the membership interests of Truvvo Investment Partners, LLC ("Truvvo"), a registered investment adviser that offers wealth management services to sophisticated families with complex balance sheets. The personnel who joined LAM in the acquisition now conduct their wealth management activities as a wholly-owned division of LAM named Lazard Family Office Partners. GIPS® is a registered trademark of CFA Institute. CFA Institute. CFA Institute does not endorse or promote this organization, nor does it warrant the accuracy or quality of the content contained herein. The composite creation date is December 2003.
