Benchmark: ICE BofA 1-3 Year US Treasury Index

Reporting Date: 31 December 2023
Composite Inception Date: 01 January 2006

Reporting Currency: U.S. Dollar

Composite Description

The composite returns represent the total returns of all fully discretionary portfolios with a US Short Duration Fixed Income Asset Management investment mandate and a minimum of \$1 million through June 30, 2010, and \$25 million afterwards in assets under management. The US Short Duration Fixed Income strategy is a mark to market strategy designed to outperform cash total returns as represented by the ICE BofA 1-3 Year US Treasury Index or equivalent over a calendar year holding period. The primary objective of the strategy is to maintain on-demand settlement date liquidity. The US Short Duration Fixed Income strategy relies on fundamental security selection and disciplined portfolio construction as it seeks to generate excess positive annual returns from the combination of income and mark to market gains and losses. Maximum duration exposure is managed to be consistent with the expected total return volatility of the ICE BofA 1-3 Year US Treasury Index.

Calculation of Performance Returns

Policies for valuing investments, calculating performance, and preparing GIPS reports are available upon request. The composite returns presented represent past performance and is not a reliable indicator of future results, which may vary. A complete list and description of all Lazard composites and pooled funds is available upon request.

Fee Schedule

Lazard's standard fee schedule for US Short Duration Fixed Income accounts is 0.20%. (This fee schedule may be presented in non-U.S. local currency equivalents based on prevailing exchange rates.) Unless otherwise noted, actual account fees, inclusive of performance-based fees and VAT (if applicable) are used in the construction of composite net of fee performance. For non-fee paying portfolios and sleeves of funds, net of fee performance has been calculated using the strategy's standard fee schedule.

Benchmark Information

The ICE BofA 1-3 Year US Treasury Index is a total return index composed of securities with maturities between one and three years.

GIPS Compliance and Verification Status

Lazard Asset Management claims compliance with the GIPS standards. Lazard Asset Management has been independently verified for the periods January 1, 1993 through December 31, 2023. The verification reports are available upon request. A firm that claims compliance with the GIPS standards must establish policies and procedures for complying with all the applicable requirements of the GIPS standards. Verification provides assurance on whether the firm's policies and procedures related to composite and pooled fund maintenance, as well as the calculation, presentation, and distribution of performance, have been designed in compliance with the GIPS standards and have been implemented on a firm-wide basis. Verification does not provide assurance on the accuracy of any specific performance report. Lazard Asset Management is the "Firm" to which the GIPS Standards apply (Frankfurt office included in Firm definition as of January 1, 2003). In March 2023, LAM acquired all of the membership interests of Truvvo Investment Partners, LLC ("Truvvo"), a registered investment adviser that offers wealth management services to sophisticated families with complex balance sheets. The personnel who joined LAM in the acquisition now conduct their wealth management activities as a wholly-owned division of LAM named Lazard Family Office Partners. GIPS® is a registered trademark of CFA Institute. CFA Institute does not endorse or promote this organization, nor does it warrant the accuracy or quality of the content contained herein. The composite creation date is April 2007.
