Composite Description

The composite returns represent the total returns of all fully discretionary portfolios with a Global Thematic Equity Focus investment mandate and a minimum of \$500,000 in assets under management. Lazard's Global Thematic Equity Focus strategy is a long-only, style-agnostic investment discipline focusing on long-term investment returns. The portfolio is based on a series of 3-6 investment themes, not the benchmark. The portfolio comprises 35-55 securities of companies represented in the MSCI World Index and the emerging markets, with a market capitalization of generally \$1 billion or greater.

Calculation of Performance Returns

The composite returns are reported net of foreign withholding taxes on dividends, interest and capital gains. The composite returns presented represent past performance and is not a reliable indicator of future results, which may vary.

Fee Schedule

Lazard's standard fee schedule for Global Thematic Equity Focus accounts is 0.75% on the first \$100 million and 0.65% on the balance. (This fee schedule may be presented in non-U.S. local currency equivalents based on prevailing exchange rates.) Unless otherwise noted, actual account fees, inclusive of performance-based fees and VAT (if applicable) are used in the construction of composite net of fee performance. For non-fee paying portfolios and sleeves of funds, net of fee performance has been calculated using the strategy's standard fee schedule.
